2026

The PROBLEM

Each year, more than 20,000 teens age out of the foster care system on their 18th birthday; that day, their resources end. More often, they are without stable housing, finances, a plan to stay healthy, or a permanent family connection.

- 20% will be instantly homeless on their 18th birthday
- Up to 40% experience homelessness within 2 years of aging out
- More than 80% want to attend college
- Less than 3% earn a college degree

Due to a lack of Housing, Finances, Support and Guidance.

SOLUTION

Three

Home4Me equips youth in and aging out of foster care with the structure, essentials, stability, and family-centered support they need to succeed in life, excel in college, prioritize their health, and achieve financial success.

Organization OVERVIEW

Home4Me, “A Voice for Teens Aging Out of Foster Care,” is a 501(c)(3) nonprofit equipping youth in and aging out of foster care with the support, stability, and family-centered connections they need to succeed in life, pursue higher education, build financial independence, and live healthy, purposeful lives.

Through Home4Me’s LEG up on LIFE© program and (HOME) approach, which provides Hope, Opportunities, Mentorship, and Education, we address health, healing, and housing to prevent homelessness and ensure every young person is supported, connected, and positioned for long-term stability and success.

Meet The Founder

As a motivational keynote speaker, author, and founder of Home4Me, I am on a mission to empower audiences to take action that creates real, lasting change for teens aging out of foster care and those in college.

Raised in foster care, I experienced firsthand the power of people who choose to care, and now I'm determined to raise national awareness and inspire others to be part of the solution. Learn more at DonnaLeeReed.com

- attendees at Home4Me's annual signature events

Raising Awareness

- speaking engagements
- Raising Awareness

5 STUDENTS – 100% COLLEGE RETENTION (3 YEARS)

Our MODEL

COLLEGE - COMMUNITY- CORPORATE -CHURCH

The "Together We Win" ecosystem brings our corporate, community, education, and faith-based partners together to create a connected pathway to success.

Why This MODEL?

Young people age out of foster care with aspirations for success, higher education, independence, and a better future. They need consistent support, meaningful connections, and a strong community to achieve stability and turn those aspirations into lasting outcomes.

Home4Me supports progression at every stage of this transition.

Key drivers of this success:

- Family-centered support
- Educational guidance, Success Coaches
- Stable housing pathways
- Consistency - Connections - Community

Heartfelt TESTIMONY

Dillon's Heartfelt Testimony:

"Growing up in foster care, I learned how to be independent early, but I also learned how easy it is to feel alone. When I connected with Home4Me, everything changed. I finally had people who believed in me, pushed me forward, and treated me like family. Because of that support in December 2025, I graduated from college with my bachelor's in Psychology with a minor in Religious Studies. I was recently hired to teach elementary school and continue my graduate studies in Early Childhood Education. Home4Me helped me see that my past does not define my future and that I can keep reaching higher."
